

NEW YEAR, NEW YOU SERIES

THE RS BUSINESS ADVISORY TEAM PRESENTS:

NEW YEAR, NEW BUSINESS

LUNCHTIME WORKSHOP

MONDAY, 8 FEBRUARY 2021 11.30AM - 1PM

Starting up a new business or becoming an entrepreneur may seem glamorous and exciting, but according to the ABS, more than 60% of small businesses fail within the first three years of their startup journey. So what goes wrong, and how can you avoid becoming one of the statistics?

This workshop is facilitated by experienced business advisors who have worked closely with award-winning small businesses in the Toowoomba region and beyond for many years. The session will focus on the operational side of running a business, including navigating tax compliance and setting up the software you will need for accounting and payroll. It will also take a strategic focus with topics including building a business plan, staffing effectively, learning from other's mistakes and accessing grants to grow your business via consultancy and marketing services. Armed with this knowledge, you'll be able to set yourself up for success and hit the ground running!
